FOREWORD

Without people Goochland High School would merely be a building--a very beautiful building. Because of people traditions of Goochland High School have been started and through the years have continued.

Every year people leaving G.H.S. have taken with them knowledge and cherished memories, but they lovingly have given--each his own small gift. May this, the nineteen sixty-six GOVERNOR, be a lasting reminder of the people we have known throughout our high school years who have given their time, their talent, and their loyalty; and in so doing made Goochland High School forever dear to us.

Our "Changing Times" at G. H. S. are yours, now. The choices all are yours.

DEDICATION

I asked for happiness

I was given the opportunity of inspiring others to create happiness

I asked for wealth

I was given the rare privilege of awakening others to success

I asked for love

I was given association with those who could benefit by being loved

I asked for wisdom

I was asked to impart wisdom to others

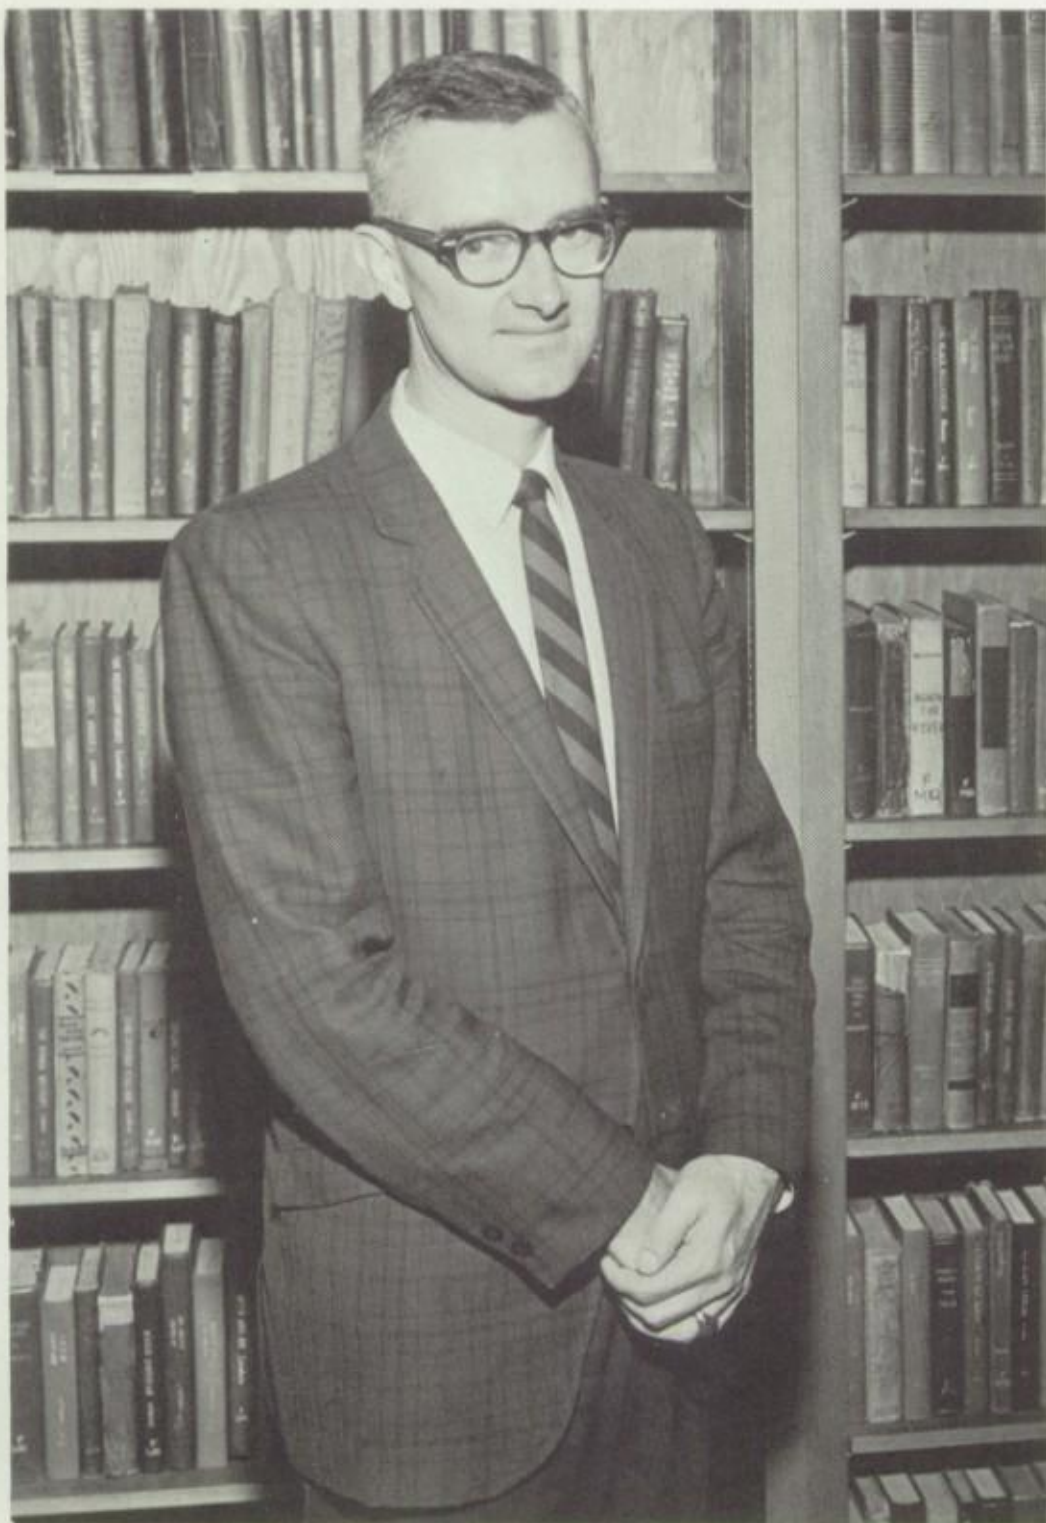

I asked for peace

And found that I already have peace because I am a teacher.

The GOVERNOR staff of 1966 dedicates this annual to the faculty of Goochland High School. Because of the faculty of G.H.S. students have taken with them knowledge and cherished memories. Without our dedicated faculty G.H.S. would merely be a building without purpose.

LANGUAGES

The study of Latin and French promotes a better understanding of our own language. It provides a challenge to the student to discover unknown customs and histories.

In "Our Changing Times" it is essential that an improved communication be promoted between foreign countries.

Since English is our spoken language, naturally, courses in English prevail in the curriculum. The English department holds as its purpose the training of the mind grammatically as well as acquainting it with literary values. These are supplemented with creative writing and forensics. The latter includes competitive spelling, debate, poetry reading, public speaking, and prose reading.

Five years of English develops a deeper appreciation of literature and promotes a better understanding of people.

SCIENCE

The science department strives to cultivate the eager minds of their students and to instill a desire for advanced learning.

Aware that a thorough knowledge of general science is necessary for future study of chemistry, biology, and physics, the lower classman studies to gain a broad scientific view. All sciences and laboratory centered. The exploration of the unknown regions of science is intensified by the imagination and curiosity of the student himself.

Science, so important in "Our Changing Times," teaches new horizons of learning.

Well you see girls, I have a back condition . . .

"Two out of Three understood Mrs. Grave's joke."

Are you implying Mr. Rollins is losing his hair!

MATHEMATICS

Math is becoming more and more important and so our mathematics department strives for a high level of accomplishment. The modern trend toward mathematics centers around the art of reasoning. This proves itself to be more valuable than the one hundred rules of mathematics, for reasoning may be applied in every subject taken.

One may advance from the simpler eighth grade math to advanced math. Business math, years of algebra, plane geometry, and trigonometry are offered.

How do you convince them that, "Zero is NOT nothing!"

SOCIAL STUDIES

The social studies department plays a vital role in preparing its students to accept their civic responsibilities and in giving them a better understanding of the world in "Our Changing Times."

Courses in American history, world history, geography, and government are offered. The use of current events, newspapers, slides and most recently, educational television supplement the courses.

By analyzing the problems of yesterday in the hope of solving those of tomorrow, this department meets the challenge of the future in "Our Changing Times."

Mrs. Lawton, a picture of authority, proves HER point to Johnny.

BUSINESS

The purpose of the business department is to develop the business men and women of tomorrow. "Our Changing Times" in the modern world requires more and more men and women to devote their careers to the business field. Future secretaries benefit from two years of shorthand and typing, as well as bookkeeping, with some taking general business. Our community, and indeed, our nation has promise of a better future because of the work in this department.

Mrs. Richardson's duties are many and varied as a senior sponsor.

"Yes, I found my first year of teaching most enlightening!" said Mrs. Bailey.

VOCATIONAL

The vocational department provides practical experience and training in the fields of agriculture, mechanical training, and home economics.

The agriculture course is divided into two parts: practical experience in farm mechanics in the shop and classroom, the study of livestock and crop management. In the classroom forestry, animal care, and fertilizers are also studied. Welding, woodwork, electricity, and plumbing are covered in the shop.

Training in housekeeping, home nursing, child development, family living, cooking, sewing, and in keeping a budget are covered extensively in the home economics program. This course of home economics helps students maintain the goal of making better home-makers in "Our Changing Times."

"Have you ever wondered why Mr. Tucker's mouth is always open and his eyes are always half shut?!!!"

MUSIC

Band and choral club is offered to the students of G.H.S. Music plays a large role in the lives of students at G.H.S. It is through music that these students are given an opportunity to learn, compete, and enjoy the fellowship with only people studying music can know.

The band under the excellent direction of Mr. Perkins brings enjoyment to the students and to residents throughout the county.

Mr. Perkins seems a little perplexed at what he hears!

Calvin Layne proved to be a real asset as student band director.

PHYSICAL EDUCATION AND SCHOOL AID

To develop alert, healthy individuals remains the purpose of physical education. Students participate in calisthenics and stimulating games which are supplemented by classroom study of health. In order to have a prosperous nation, Americans must be physically fit. A good mind without good health hinders progress.

Our school librarian, advises students in choosing books, selects new books for the library, and instructs students in the use of the library, trying to help them keep up with "Our Changing Times."

"I can't believe it, all the boys agreed to take showers after practice today!"

"Yes, Peggie is placing a call for me to the New York Stock Exchange."

"Cutest Thing"

Peggie, you shouldn't laugh at them like that!!

"Don't let her fool you, she's not that industrious."

"I like mistletoe too but why do you want it inside?"

Our faculty is truly a group of mature adults.??.

I wonder what could be going on down the hall that Mr. Clark would be so keenly interested in!!!

JUNIOR VARSITY CHEERLEADERS

For the first time in the history of G.H.S. Junior Varsity Cheerleaders were chosen this year. Even though the Junior Varsity squad had few opportunities to show their ability they proved to be a great aid to the Varsity squad.

These six J.V. cheerleaders boasted school spirit among the lower classmen and because they were anxious to make the Varsity squad, put in long hours of repetitious practice.

The J.V.'s sold football programs at the home games and this helped to increase the cheerleader's treasury. They were also responsible for having a cheering section in the stands at all of the home games.

The future looks bright for J.V. cheerleaders in the future at G.H.S., for they are a part of "Our Changing Times."

FIRST ROW: Co-Captains, Nita Parrish and Anne Trice. SECOND ROW: Jane Garrett, Shirlee Fleming. THIRD ROW: Brenda Lacy. FOURTH ROW: Lynetta Raymond, Linda Raye Gordan. FIFTH ROW: Pam Dunn.

VARSITY CHEERLEADERS

This group of Varsity Cheerleaders has been the inspiration of G.H.S. this year. At pep rallies they have spread their enthusiasm to the team as well as to the student body.

Their efforts to make the school more colorful included decorating the goal posts, and bulletin boards before each game, and leading cheers at pep rallies and games.

Even before school opened, the cheerleaders were busy. They represented the school in the Fourth of July parade and five of the girls on the squad attended cheerleading camp at Virginia Beach, not to mention the hours spent in summer practice at G.H.S.

MAJORETTES

The majorettes added much color, sparkle, and life to the Goochland Band this year. These majorettes led forty-three band members in many parades and added their enthusiasm and talent to all the home football games.

Summer training and diligent practice and drill paid off in precision routines.

We are indeed fortunate in having such a band and majorettes at G.H.S. Their excellence was certainly shown this year as they won first prize at the Dogwood Festival Parade in Charlottesville on April 20.

The band was hard at work this year having a Spaghetti Supper, selling candy and doing various other things to raise money in order to purchase new band uniforms.

STUDENT COUNCIL ASSOCIATION

The S.C.A. elected by the students and organizations of G.H.S. works together in order to maintain a spirit of co-operativeness among students and between students and the faculty.

One person from each homeroom and organization was elected to the council on the basis of leadership, and integrity. Each member when elected, took upon himself the responsibility to do the best of his ability to make the school a better place to attend.

The S.C.A. was instrumental in beginning a National Honor Society at G.H.S. this year and becoming a member of the Richmond District Student Council Association.

TRI-HI-Y

This year the Tri-Hi-Y held a public meeting, worked with the S.C.A. on a school clean-up project and made a donation to the Library.

"Clean speech, clean living, clean sportsmanship, is the motto of the Tri-Hi-Y Club.

LIBRARY CLUB

The members of library club serve as aids to the Librarian, Miss Monteiro.

These members work in the library helping with checking out, shelving, and repairing books. By being a member of the Library Club, members become familiar with the Dewey decimal system, reference material, and all other library facilities.

The Library Club tries to create interest among students in books, libraries, and library services, as well as to encourage interest in literary accomplishments.

Our library plays an important role in "Our Changing Times."

SEATED: left to right, Brenda Ellis, Carole Crutchfield, Shirlee Fleming, Editor; Cathy Bartell, Linda Lewis, Yvonne Bowles. STANDING: Mrs. Richardson, Mrs. Stephens, Buddy Kirstein, Pat Walsh, Mary Scales, Connie Moore.

SPOTLIGHT STAFF

This year the Spotlight took on a different appearance. It was mimeographed rather than printed. All work was done by the students with the help of Mrs. Richardson and Mrs. Stephens.

The paper throughout the year was very impressive and had a more personal meaning for each subscriber. This monthly publication represented the thoughts and opinions of Goochland High School students.

The staff includes those students who have shown considerable initiative and ability in English and journalism. New staff members are selected by the current staff upon the advice of the sponsors.

Editor-in-Chief, Nita Parrish; Ass't Ed., Linda Gordan; Sponsor, Mrs. May; Business Manager, Calvin Layne; Ass't Business Manager, F.M. Hite.

VARSITY FOOTBALL

Athletes represent some of the hardest working students at Goochland High School. Not only must they give their best on the gridiron, but they must also maintain their required scholastic averages.

Boys develop qualities of leadership, dependability, and courage in their participation as athletes. The ability to work well with other is also cultivated.

But more important than any of these is that indomitable Bulldog spirit which is gained and which allows any G.H.S. team to proudly state, "We never quit!"

STANDING: left to right, Coach David Hinkle, Coach John Rollins, Coach James Luck.

FOOTBALL BANQUET

Each year the football squad is honored at the annual football banquet. At this time each team member is recognized and given recognition by the coach and fellow teammates.

The members of the squad receive their letters and stars showing how long they have been on the team. The Varsity and J.V. Cheerleaders are also recognized at this time and letters are presented.

This year those who attended profited by seeing films of the team in action, recapturing the hard work and fulfillment of being part of the Bulldog Team.

Three team members are recognized.

LEFT TO RIGHT: SEATED, Joe Nuckols, John Clarke, Chuck Pitts, Rodney Harrison, James Brooks, Jerry Nuckols. SECOND ROW: Kenny Johnson, Gary Taylor, Wayne Allen, Bryant Gordan, Butch Henley, Danny Parrish, Jimmy Barnes, Mr. Luck, coach.

JUNIOR VARSITY BASEBALL TEAM

SECOND ROW: Mike Ransome, Sammy Johnson, Jimmy Mann, Robert Gathright, Chip Isaacs, Tommy Boswell, Steve King, Thomas Gathright, Bubba Parrish, Mr. Hinkle, Coach.

VARSDITY BASEBALL TEAM

The Goochland Bulldogs had a successful season, winning seven games and losing seven. Some of their more exciting wins were over Louisa 9-7, Midlothian 5-1, and Powhatan 1-0.

Pat Walsh and Sammy Johnson were the most successful hurlers for the Bulldogs. These two pitchers hurled good ball for the Bulldogs throughout the year.

In the hitting department, Mike Ransome led the team followed by Sammy Johnson.
